Deering Pure Sisal Binder Twine has 500 full feet in

It is smooth, even and long.

Spun from 20-foot strand of pure sisal fiber. It is 32 per cent. stronger than other twine. It never breaks. Every ounce of it is guaranteed. It has no lumpy places in it.

If you use Deering Twine you will be a Christian during harvest.

It costs you 11 cents a pound of 500 full feet.

Cheap Sisal Twine has 375 to 400 feet in every pound.

It is lumpy-parts of the pulp remaining and breaks frequently. It is spun from 6-foot strands of sisal fiber, has more joints, is uneven and you only get about 375 feet out of a pound.

They don't guarantee it to suit you. They dare not.

If you attempt to use this cheap twine you had better take a furiough on religion during harvest, for your temper will surely get the best of you. You are only human and can't patiently stand, your twine constantly breaking and amonying you.

It costs you 10 cents for 400 feet.

Would you rather pay 11 cents for 500 feet, no foot of which will break, or will you pay 10 cents for 400 feet, any foot of which is apt to break? You are the doctor. It is up to you. Make your decision and make it quick. Harvest is here. 500 feet of unbreakable DEERING PURE SISAL BINDER TWINE for 11 cents at the Price Fighter's.

BARBOURSVILLE, Ky., June 13.—Three companies of state militia, with Jim and Wiley Baker in charge, arr wed here at 10 o'clock Monday morning, after a hard march through mud and rain from Manchester. The prisoners were immediately delivered to Jalier Dozier. A few miles out of Manchester the troops were met by a party of mountaineyrs headed by liew White, who demanded of the troops white, who demanded of the growth that they turn over the The demand was refused and the Garling gur was turned on the mountaineyrs headed was then ordered to soour the woods, with orders that if enemies were found in ambush to shoot "like shooting at squirrels."

A feeling of relief was experienced, and a mighty shout went up from the soliders when the Knox county line was reached. A number of Baker's friends and relatives accompanied the troops here, where the feeling is very strong for Baker. Many conflicting reports as to who killed Baker are in circulation. Jim Baker, his son, asid that he was positive as to who did the shooting: that a man in female attire was seen to run from the house of Sheriff White to the woods. He refuses to divulge the name of the sus pected party. The Bakers are very loud in their threats of vengaene.

CHALLENGE IS ACCEPTED.

There is a Probability of a Fight Betw Jim Jeffries and 10m Sharkey Early in September.

SAN FRANCISCO, June 13. — Tom Sharkey, the pugilist, has received the following telegram from his manager, from O'Bourke, dated New York,

Tom O'Rourke, dated New York, June 11:

"Tom Sharkey, Paso Robbes, Cal—Have accepted Jeffries challenge to fight you early in September. You had better come here at once. There is nothing out there. Answer.

(Signed) "Tow O'ROURKE."

To the above the sailor replied:
"Paso Ronless. June 12.—Tom O'Rourke, New York: Am at springs, doing well, working right along. Will leave for New York in three weeks. Weather is rather warm there.

From the above it would appear that the caustic challenge issued by Jeffries just after his defeat of Fitzsimmons will lead to some arrangement for a battle between the aspiring sailor and the new champion.

rough Blockade to Be Maints as Many Reinforcements to ent as Otis May Want—Rebels Must Lay Down Their Arms.

WASHINGTON, June 13.—As a result of the conferences which have been going on for several days between President McKinley, his cabinet and the war officials, based upon constant communication with the military commanders and the peace commissioners in the Philippines, it has been decided to renew an aggressive policy against the insurgents. There was hesitation at first, lest the imminency of the rainy season in the Philippines might make active operations impracticable. The reports from Manila indicate that it will be possible to fight the insurgents, rain or shine, and this it has been determined to do. Moreover, the president's advices were that it would be inadvisable to postpone the campaign until the return of more favorable weather.

The plan of the officials is to pursue

until the return of more favorable weather.

The plan of the officials is to pursue Aguinaldo's captains retentiessly on land and to institute a thorough blockade by sea, with a view of cutting off their supplies as much as possible.

While this is being done reinforcements will be sent to Luzon. Good care will be taken to let the insurgents have notice of these contemplated movements and if they obtain an exaggerated idea of the sze of the new army coming to confront them, so undo the better. Meantime, no opportunity will be lost to inform the misguided followers of Aguinaldo that peace is obtainable any moment their arms.

they choose to threw off their allegiance to their leader and lay down
their arms.

The authorities report that insurgents are coming in every day to surrender to the Americans. They are
invariably well treated and are perinvariably well treated and are permitted to communicate with their
friends to tell them the advantage of
yielding to American rule. Reports
from Mania say that the rank and file
of the Tagais are becoming tired
of the one-sided warfare their chiefs
have led them into, but the influence of the military faction is still
predominant and it will have to be
broken before the masses will enter
into the American plan of governing
the islands. One feature of the new
polley will be more active participation
by the navy in the operations against
the insurgents. A partial blockade
has been maintained, but recent events
have shown the necessity for increasing vigitance.

neral Impression is the Crisis Will No Last Beyond Wednesday—Fredicted That M. Henri Brisson Will Be in the New Cabinet.

In the New Cablest.

NEW YORK, June 13.—The French Cable Co. reports that the French ministry has resigned.

PARIS, June 13.—Le Courier Du Soir late Monday night predicted that M. Henri Brison will have an important post in the new cabinet, as being the head of the radicals and "the leading spirit in the revision movement."

M. Dupny, on leaving the Elysee, had a long conference with Mm. Deighester and Guildin. President Loubet consulted the president of close to the senate and of the chamber at 10 o'clock Tuesday morning. The general impression is that the risis will not last beyond Wednesday, M. Loubet having foreseen, it is said, the fall of Dupuy at an early date and having already considered the composition of the new cabinet.

Dapuy at an early date and having already considered the composition of the new cabinet.

It is understood that M. Sarrian and Poincare, leaders of the railicals and progressists respectively, drafted M. Dupuy before it was presented in the chamber. They enleavored to persuade him to accept it; saying that it was not directed against the government, but was only intended to affirm the union of the republicans. M. Dupuy, however, refused to accept, with the result that Mm. Sarrien and Poincare led their followers against him.

The morning papers, commenting on the fail of the cabinet, severely critical et the ministerial career of M. Dupuy, charging him with leaning now on one side and now to the other and with betraying all parties.

The successive votes in the chamber of depatits. Monday clearly demonstrated the definition of the premiership of M. Charles Dupuy. The interpeliation of M. Vaillant was simply a cleverly selected pretext to conceal the real cause of the approaching crisis.

NAVY OFFICERS' SALARIES.

Under the Naval Personnel Bill Adm Dewey Will Receive \$13,500 Whether on Duty at Sea or on Shore. Washington, June 13.-The navy de

partment has issued a circular fixing the salaries of navy officers under the navy personnel bill. Adm. Dewey will receive \$13,500 whether on duty at sea or on shore.

Adm. Dewey will receive \$13,500 whether on duty at sea or on shore the senior rear admiral's pay is fixed at \$7,500 at sea and \$6,370 on shore. Rr. Adm. Schley is in this list, but only receives the minimum amount, as he is assigned to shore duty. The junior rear admirals receive \$5,300 while on sea duty, and \$4,075 on score. Rr. Adm. Sampson is in the junior list, but having a command at sea, receives the maximum payment. Spould Schley be given an assignment at sea, he would receive \$2,000 more a year than Sampson, but and the sea of the sea o
